

Need-Based Scholarship Application (2022-2023)

General Information

- A determination of the amount of each award is made by the Office of Financial Aid. You should be aware that due to limited funding and the quality of the applicants, the scholarship program is generally very competitive. Unfortunately, awards cannot be made to every deserving student. Award determinations are based on: (1) The Estimated Family Contribution (determined on the FAFSA); (2) The degree of the student's financial need; and (3) Any special circumstances as presented in the personal statement.
- Students who are borrowing loans should complete the loan application process. If a scholarship award determination is made, loans can be returned to the lender to avoid funding over the Cost of Attendance.

**APPLICATION DEADLINES: March 31st for continuing students
June 30th for incoming students**

Application Instructions

- Complete all questions that apply to you on this application. Failure to complete all questions will result in an incomplete status. If a scholarship application is incomplete, the application will automatically be denied.
- All students applying for the need-based scholarship **must complete the 2022-2023 FAFSA** and include financial information, *including students who are not borrowing federal loans*.
- Submit a typed statement describing your financial situation and include any extenuating circumstances.

STUDENT INFORMATION

Name: _____ Student ID: _____
